# From the Director

Dear HIS Community and Friends,

We welcome you all back in this edition of the HIS Dragon News, a quarterly communication that focuses on introductions, initiatives, and celebrations at HIS. In this fall edition of Dragon News, I invite you to enjoy 'the Essentials' for the 2019-20 school year, our eighteenth year as the international school of choice in the wonderful city of Hangzhou.

With now over 700 students from over 50 nationalities enrolled at HIS, there is an increasingly wonderful diversity of language, culture, host-country heritage and international experience. This diversity is celebrated as we nurture a multicultural learning environment where students and teachers value the contributions of our different identities and backgrounds. In order for students to feel free to express themselves, develop their potential and engage in rigorous learning, a school must have a strong transition program that ultimately establishes a safe and supportive learning environment for all students. The HIS Transitions Committee makes this a top priority given the diversity and transitory circumstances of many of our families. Even with all this diversity, HIS really feels like home for its teachers, parents, and students. At HIS, we celebrate what makes us unique as much as we value what brings us together. We work hard to appreciate both what makes us different and what makes us one. The result of these efforts is evident as soon as one enters our school. It is truly an exceptional experience to be a part of such a diverse center for community activity and involvement, and much of this should be credited to our PAFA volunteers, country ambassadors, and event coordinators.

Our focus in maintaining a strong caring community throughout our growth has also enabled HIS to continue expanding educational choices to its students. Our robust academic and extracurricular programs allow students of varying backgrounds and talents to further explore and develop their strengths as unique learners. In addition to a strong core academic program, we also expect our students to be musical and explore other visual and performing arts, to widen awareness and appreciation for the host country, and to develop an appreciation for fitness and health. We also believe that students need opportunities to give back and apply themselves to the wider community through service learning. While the unique and diverse learning environment within the safety of the school walls allows for students to develop their skills, take risks, and explore new concepts, it is important that they learn to apply these skills to the world outside those walls so they may become the problem solvers and leaders, not the contributors, to the global issues and concerns of our future. It is really a wonderful time to be at HIS, and a wonderful place to learn.

Again, we welcome the 2019-20 school year and congratulate our entire community for supporting a great start. Enjoy the Dragon News and GoooOOO Gold Dragons!

A handwritten signature in dark ink, appearing to read 'Jeff R. Stubbs'.

## Important Information

### BOOKS, COMPUTERS AND SUPPLIES:

Students are provided necessary textbooks and computers for student use while enrolled at HIS. Most school supplies are also provided. Below are items required from home:

*All grade levels:*

- Students must bring a backpack and a water bottle labeled with their names.
- Students must wear appropriate shoes for PE and outdoor activities (no flip flops or sandals)

*Early Years through Grade 5:* students must bring a healthy daily snack from home.

*Early Years through Kindergarten:* students need to supply a change of clothes in case of accidents on the first day of class clearly labeled. All students must be toilet trained.

*Early Years through Pre-Kindergarten:* students need to supply a blanket/small pillow for the naptime.

### Upper School Required School Supplies:

*Provided by students:*

- Three ring binder with dividers or accordion folder (50mm binder minimum)
- Scientific Calculator (for students in grades 6-9)
- Graphing Calculator TI 84 Plus CE (for students in grades 10-12)
- Pencil bag/case
- Ball point pens- black and/or blue ink (6pcs)
- Pencils (10pcs)
- Eraser
- Highlighters (4pcs)
- Small pencil sharpener
- Post-it notes
- Plastic ruler - 30cm
- Binder Dividers (10pcs)

*Optional School Supplies:*

whiteboard markers (2pcs), colored pencils, scissors, glue stick, lined paper (30pcs), graph paper (20pcs), plastic sleeves (10pcs)

### SCHOOL UNIFORMS:

HIS students adhere to a dress code, which we believe promotes a sense of orderliness and school community, helps with campus and field trip security. We aim to have students wearing similar, if not identical, outfits that create a feeling of community and avoid clothes conscious social situations. All students are required to wear a school uniform.

One uniform and PE set is included in the tuition.

Additional uniform items and dragon spirit merchandise may be purchased in the Dragon Shop. Please ensure your child is in full uniform from the first day of school. See the Parent and Student Handbook for full details.

### HIS STUDENT AND PARENT HANDBOOK:

Handbooks are written for Upper and Lower School Divisions. You can access both in our website.

### CAMPUS SCHEDULE:

All students must arrive and be on campus by 7:55 AM. Learning begins at 8:00 AM sharp. It is imperative all students arrive on time. If a student arrives to school after 7:55 they will be required to check in the front office prior to entering class.

When picking up your children at the end of the school day, do not go to your child's classroom. Avoid entering at any time the learning spaces. At the end of the day, students may be picked up from at the courtyard, with the exception of Nursery, Pre-School and Pre-Kindergarten. Students should be collected by 3 pm or they will be taken to the front office.

The teacher or teacher assistant will bring the rest of students to the courtyard area. Access to the school buildings and classrooms during school hours is by office permission only.

### **TRANSITIONING (LEAVING YOUR CHILD AT SCHOOL THE FIRST DIFFICULT DAYS):**

The best way to help your child adjust to HIS is to say goodbye, leave quickly and let the teacher take over from there. The longer you stay the more upset your child will be when you leave.

### **SCHOOL TRANSPORTATION:**

If you have contracted school bus transportation, please make sure we have your current address and you have received confirmation of your child's bus number and schedule.

### **DROP OFF IN THE MORNINGS:**

Vehicles dropping students off must come through the back gate of the school, and follow the guard on duty directions and proceed all the way to the front of the school and drop the children off at the front circle in front of the office. Parents and drivers must remain seated in the car.

If you are walking your child to their class, please simply park outside of the campus and enter on foot through the front or West gates without passing through the school with your vehicle. No parent cars are allowed to park on campus.

Cars need to be parked in designated parking areas (side bike lanes or parking space in front of school), and never block the safe stream of traffic on the street. Failure to comply may result in but not be limited to loss of parking and drop off privileges within the immediate vicinity of the school.

### **HIS ID CARDS :**

All adults are required to wear ID Cards while on campus. To avoid signing in each time they visit the school, parents need to have an ID card issued. Show your ID card every morning as you enter campus. Please provide the office with a photo for your ID card. We greatly appreciate your respect and support of our security measures as we work to ensure the safest possible learning environment for your children.

In addition, Upper School students are required to present their ID cards when checking out materials, presenting or using library resources.

### **CURRENT CONTACT INFORMATION:**

Current contact information: It is vital we have your correct contact information at all times. Please notify the school admissions department [admissions@his-china.org](mailto:admissions@his-china.org) should there be a change to any contact details.

### **SICKNESS:**

If your child is sick and cannot come to school please advise the main office by calling, managebac notification or emailing the secretary and teacher.

**Upper School** Alice Zhang [azhang@his-china.org](mailto:azhang@his-china.org)

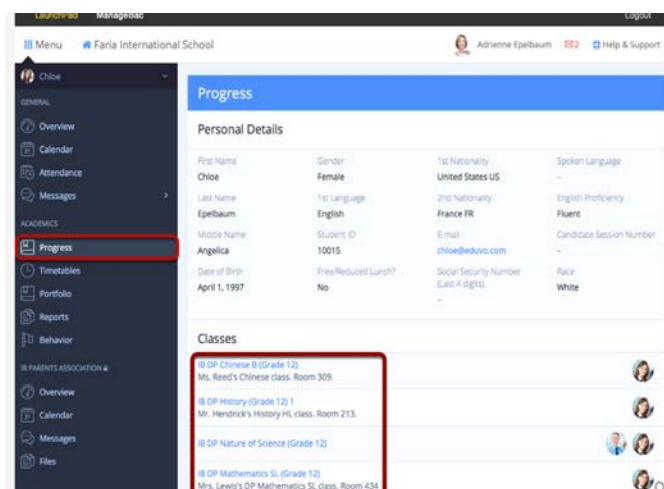

**Lower School** Lily Fan [lfan@his-china.org](mailto:lfan@his-china.org)

### **FOOD SERVICE :**

A weekly menu, along with nutritional information, can be found on the school website [www.his-china.org](http://www.his-china.org) under the Inform tab. Please tell your child's teacher if he or she has any special dietary needs.

### **BIRTHDAY PARTIES :**

In Lower School, birthday parties are not permitted at school. Please do not send birthday cake or other treats in. Don't worry teachers will do their best to make the day special for your child.

## HIS DIVISIONAL NEWSLETTER:

## TEACHERS WEBSITES:

All HIS teachers maintain a digital presence with information about their classes. Upper School teachers rely primarily on Managebac to communicate assignment due dates and student progress. All parents are given access to Managebac upon joining HIS. In the Lower School teachers use WeChat, Email, and ManageBac to give updates about class and share media

The Newsletter will be e-mailed to all parents every Monday afternoon. This is also accessible on the school website. Please read it in order to become fully aware of what is happening at school, student accomplishments, PAFA announcements etc.

## DRAGONNEWS:

The DragonNews is an all school published magazine that is available printed and also available on the school website <https://www.his-china.org/inform/news>.

## HIS DRAGONS WEBSITE:

Announcements will be posted on the website. If there is need for a school closure, families will receive an email sent to their registered email account and a message will be posted on the website. Please check the website if there is a chance of snow or any other major meteorological event. Please take the time to have a look around our website in order to gain a better understanding of our school.

**FIELD TRIPS:**

Lower School students may go on field trips throughout the year. Depending on the trip, students may be asked to pay for all or a part of the expenses. If a class is going on a field trip and you elect not to send your child, then your child will need to stay home for the day.

The Upper School organizes overnight trips for every grade level. Generally, the trips last from four to five days. These trips are part of the curriculum and attendance is mandatory.

## ACTIVITIES:

HIS offers different after school activities for students enrolled from Kindergarten to Grade 12. Parents can register their children for one activity. Please, check the activities information in the website, review the activity description and sign up accordingly.

The following are just a few samples of the after school activities to give you an idea of the selection.

### Lower School Activities

Yoga For Kids  
Movement & PE Games  
Story Writing & Dramatic Play  
Fun with Chinese Characters  
Happy Clay Club  
Chinese Chess  
Community Garden  
Chinese Fan Dancing  
Chinese Literature Reading Club  
Street Style Kickball  
Zumba  
Non-Fiction Reading  
International Culture Club  
Beginning Choir  
Fun with Math & Science  
Pop-Up Books & Greeting Cards  
Computer Club (STEM)  
Board Games Club

### Upper School Activities

Model United Nations  
Upper School Art  
Chinese Traditional Dance  
Craft Club  
High School Robotics  
AMC Math Competition  
Film Club  
Woodworking

### Signing Up for After School Activities (ASAs)

Families can sign up for ASAs by visiting <https://www.his-china.org/extend/activities>. Principals will notify families in advance of each ASA session.

Sign-ups take place through the school website and registration opens before each of the three ASA sessions prior to the their start.

For further questions about activities please email [activities@his-china.org](mailto:activities@his-china.org)

### UPPER SCHOOL SPORTS:

HIS, as a part of the Hangzhou International Schools Athletic Conference (HISAC), Shanghai International Schools Athletic Conference (SISAC) league, Association of China and Mongolia International Schools (ACAMIS) tournaments, China International Schools Sports Association (CISSA) and Shanghai Swim League, offers a variety of sports by seasons for all High School and Middle School students.

**Sports:** Volleyball, Basketball, Touch Rugby, Soccer, Swimming, Cross Country, Badminton, Table Tennis, and Frisbee.

## TRANSITIONS

Hangzhou International School is committed to supporting students, parents, and staff with mobility within and between schools. We are sensitive to the difficulties faced by our school community during transitions. We endeavor to support all members of our community to ensure that they arrive, orient, integrate, and depart well.

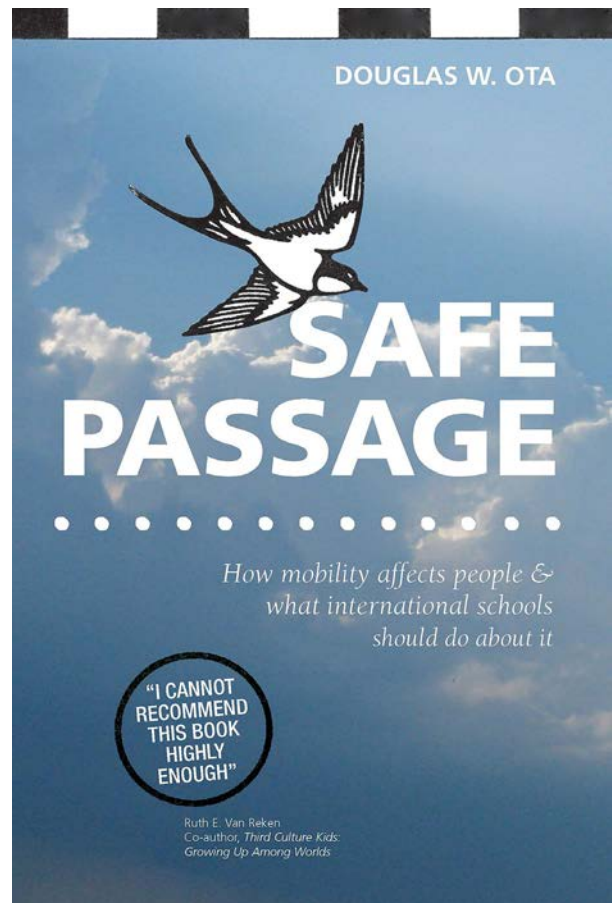

We are partners with SPAN (Safe Passages Across Networks), FIGT (Families in Global Transition), and Globally Grounded, who guide our organization and procedures relating to transitions. These organizations create a network between international schools to address the emotional issues and needs of individuals. People learn best when they are safe and emotional issues extend from within schools to between schools. As such, Hangzhou International School is one of the first three pre-pilot schools to participate in becoming a certified Safe Passage School.

The key to a good arrival is a good departure, no matter where you go in the world.

For questions regarding transitions and getting involved with a program, please contact Andrea Stubbs [astubbs@his-china.org](mailto:astubbs@his-china.org), Diana Rehfeldt [drehfeldt@his-china.org](mailto:drehfeldt@his-china.org), or Karl Suits [ksuits@his-china.org](mailto:ksuits@his-china.org).

### Safe Passage Across Networks at HIS

The HIS community, students, parents, and faculty, have participated in on-site transitions workshops with Douglas Ota and worked through a book study of his book, *Safe Passage*. It provides information about students, teachers, and community members' roles in arriving, staying, and leaving international communities. "Moving is one of life's greatest challenges. Firmly grounded in psychological theory and cutting-edge neuroscience, *Safe Passage* maps the challenges and charts a course for individuals, schools, and accrediting bodies to navigate them. Although primarily focusing on international schools, the hopeful message within this book reaches into any school, university, or organization where human beings come and go." We encourage you to read this book.

## WELCOME TO THE IB PROGRAMME:

At Hangzhou International School, we are excited about incorporating the International Baccalaureate Programmes in the community. From Early Years to Grade 12, our students are taking part in inquiry learning, applied approaches, and contextualized experiences that will improve their understanding of content. The International Baccalaureate is a program that is recognized around the world and makes it easy for our students to transition into and out of other programs. Universities recognize the rigorous assessment methods and content that Diploma Programme (DP) students are able to undertake in grades 11 and 12, while they appreciate the learning skills and techniques that students in grades 6-10 develop through the Middle Years Programme (MYP). Lower School students inquire and gain new perspectives through the Primary Years Programme (PYP), using a variety of learning methods to achieve strong skills and understanding.

The IB Diploma Programme is an academically challenging university prep program that encourages student growth physically, intellectually, emotionally, and ethically. With six subject areas covered in regular classes, students also take part in Theory of Knowledge courses, Creativity, Activity, and Service elements (CAS), and write an Extended Essay by the time they finish the program in 12th grade. The external assessment practices ensure that there is validity and recognition extended to the students. The HIS average IB score is a 34; above the world average of 29.

The Middle Years Programmes is for all students in grades 6-10. The MYP curriculum framework has eight subject groups that encourage students to make practical connections between their studies and the real world. Using the MYP assessment criteria, teachers are able to provide effective feedback for student

development. With an emphasis on skills-based learning and reflection, students have ample opportunities for growth and development throughout the program. The Primary Years Programme carries on the HIS traditions for inquiry learning and student development. Through six transdisciplinary themes of global significance, students learn how to take control of their own learning, and the school-wide community contributes to the learning process. They have a chance to explore and understand local and global issues as they relate to their own lives.

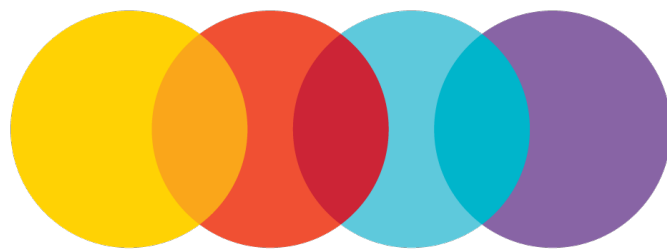

The IB Continuum provides quality training and oversight for faculty and our school in general. Through collaboration, the teachers gain understanding, skills, and knowledge that help them effectively meet the needs of the HIS students.

## STUDENT SUPPORT SERVICES:

Student Support Services has some delightful surprises and updates for you this school year. The new and improved Student Support Office is located in B009 (through the library). In this space, you will find two study spaces designed for students across both Lower and Upper School divisions. The Student Support Team consists of two learning specialists, a school counselor, and speech language specialist. The Upper School learning specialist works closely with Upper School students to explore post-secondary aspirations, and provides individualized guidance throughout the college application process.

# Student Support Services

### Learning Support Program

Our learning specialists work closely with students, teachers, and parents to clarify what support students may need in order to achieve their full potential. At times, support might mean finding ways to incorporate classroom strategies that benefit all students. Occasionally, a group of students might need a mini-lesson on “how to convert fractions” using a scaffolded approach, or another small group might work on developing reading fluency by attending to pace and expression. Ms. Diana works with Lower School students in all academic areas, aligns service learning opportunities for Lower School students, and coordinates additional services for meaningful cohesion. In the Upper School, Ms. Maingot consults with faculty members, provides direct support for students in the classroom, and

offers after-school tutoring. Teachers and parents can refer students to the learning support program at HIS. Our aim is to optimize learning opportunities for students so they can successfully pursue personal and academic excellence within a caring community.

### Counseling

We are pleased to welcome Ms. Rachel Pekin, Upper School Guidance and College Counselor to HIS. Ms. Pekin is available to support students in Upper School with social, emotional, behavioral, or academic needs. Depending on the specific area of need, she can provide individual and group counseling, cognitive and academic assessments, parent consultation, and support within the classroom. Some students benefit from meeting with a counselor as difficulties arise, whereas others need more ongoing support. Additionally, in order to meet the social-emotional needs of all students, classroom counseling lessons are a proactive way to directly teach the skills needed to develop friendships, cope with stress, handle conflict, and deal with other challenges that may arise at school. You can help us welcome Ms. Pekin by introducing yourself and giving her a friendly wave when you see her around!

### Speech Language Specialist

This year, we are also tremendously fortunate to have a speech language specialist available here at Hangzhou International School. Barbara Armstrong can support students with gaining fluency in the English language as related to phonetic pronunciation,

Ms. Armstrong has particular expertise in the areas of:

- Articulation – recognizing placement, voiced/voiceless, carry-over
- Fluency – speech rate, reading and conversational fluency
- Language Acquisition – building vocabulary, sentence structure
- Behaviors – associated with learning profiles, self-regulation, and emotions.

For more information on Student Support Services, please contact Diana Rehfeldt [drehfeldt@his-china.org](mailto:drehfeldt@his-china.org).

### English for Speakers of Other Languages (ESOL)

At HIS, we recognize that all teachers are language teachers who have the responsibility to facilitate language acquisition and promote communication skills through their grade level and content area classes. In the lower school, ESOL students who are unable to fully access the academic curriculum receive specialized instruction in English. This year, Ms. Beatriz Lopez will be coordinating ESOL services for lower school students. Ms. Patricia Shomo, and Ms. Barbara Armstrong, and Mr. Andrew Lawrence will work directly with students in our primary years program. This amazing team will collaborate with faculty members to provide differentiated instruction for our all language learners.

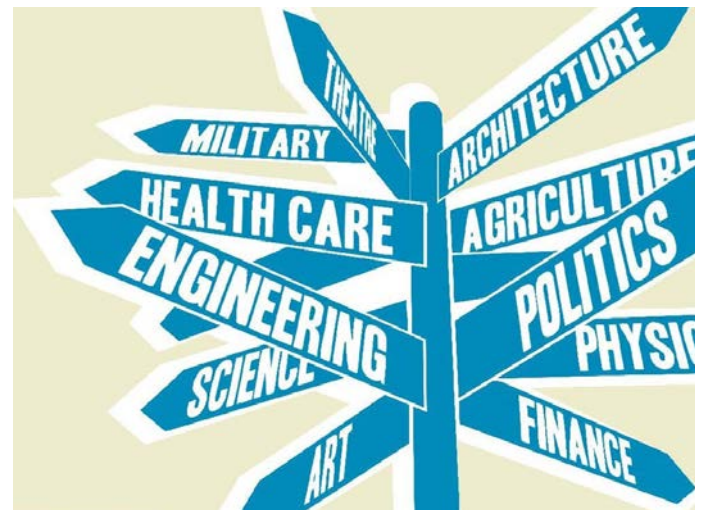

*Note: Annual fees for the Learning Support Program are based on the hours of weekly support a child receives to advance educational attainment and/or receive speech-language therapy.*

For more information on ESOL please contact Beatriz Lopez [blopez@his-china.org](mailto:blopez@his-china.org) or Diana Rehfeldt [drehfeldt@his-china.org](mailto:drehfeldt@his-china.org).

### University Guidance

All Upper School students will have the opportunity to participate in several college presentations and fairs. These presentations and fairs offer students the unique chance to learn about the university admission process and all the great programming offered at universities around the world. Students can ask representatives questions to gain

deeper insight and share their contact information with representatives to establish relationships. Additionally, HIS will continue our partnership with other international schools in the vicinity to host and attend larger college and university fairs. If you have any additional questions about university guidance this year, please contact Rachel Pekin [rpekin@his-china.org](mailto:rpekin@his-china.org).

## AN INTRODUCTION TO “BRIDGEU” UNIVERSITY & CAREER GUIDANCE:

BridgeU is an interactive college and career guidance tool. Students in grades 9 through 12 will have access to this user friendly web-based platform. All high school students will receive direct guidance on using this tool in the Fall of 2018. BridgeU offers several tools which allow students to identify interests, research different careers, explore universities, and develop a deeper understanding of the university application process.

BridgeU's Profile Builder provides students with a list of universities that are specifically tailored for them. This portion of the site uses student's projected scores, countries of interests, and other components to suggest reach, match, and safety schools. Students are able to select from a list of countries including Hong Kong, Netherlands, Canada, United States, United Kingdom, and Australia. Soon enough, BridgeU will offer a more extensive list of universities around the world.

Students can access the Shortlist feature once they review their university matches. The Shortlist section of the website is where students store their preferred universities. In the Fall of grade 12, students will have access to their personalized shortlist and decide on the final list of universities they wish apply to that semester. Students can also research and save notes for each university.

In addition, the Writing Builder section supports students with writing personal statements. Students are able to draft

their personal statement and have advisors here at school provide guidance. There are helpful exemplar essays written by students who were admitted to renowned institutions. These helpful exemplars are annotated to ensure that students understand the reasoning behind the evaluation of the essay.

Of all the features this platform offers, the Applications section is the most important. Universities and courses marked for applications are saved in this section. Students can view a snapshot of all the universities they have added to their final application list. Application deadlines and required documents are all stored in this centralized location. Students are able to add and remove universities if they change their minds.

Hangzhou International School will use BridgeU to guide students through the application process. In addition, we will use this site to assign tasks to students to ensure they meet applications deadlines, collect and store reference letters, and send necessary documents to universities.

Overall, BridgeU is an outstanding tool that will support all students in the college planning process. We are excited to launch BridgeU and look forward to having our students explore and the site first-handed.

For more information on BridgeU and College Counseling, please contact Rachel Pekin [rpekin@his-china.org](mailto:rpekin@his-china.org).

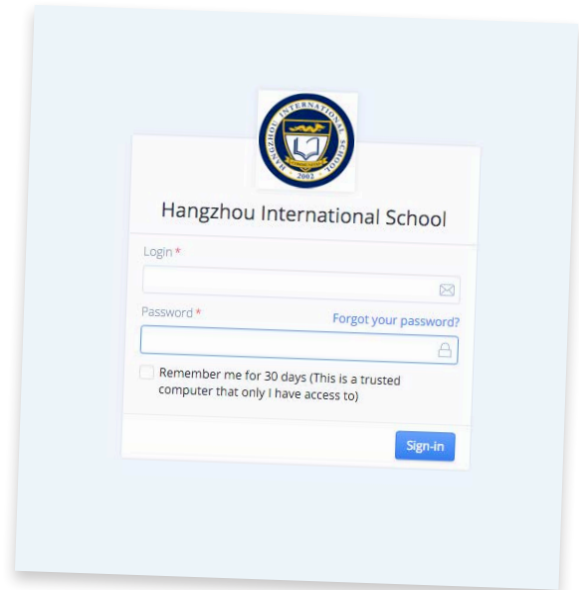

## FOLLOW YOUR STUDENT'S PROGRESS:

To gain a better understanding of what your child is expected to accomplish, HIS has provided students, parents, and teachers access to the platform called Managebac. This site is a learning and communication platform that provides students and parents access to calendars, assignments, teacher-generated resources, gradebooks and feedback for student improvement, and an area for student portfolio storage.

To access Managebac, go to:

<https://his-china.managebac.cn>

The Student View provides access to assignments, calendars, messages, threaded discussions, grades, reports, portfolios, drop boxes, and project development. Students can keep up with what the teacher assigns, discuss questions with classmates, respond to feedback, and interact with advisors on projects.

The Parent View provides access to the student's quarterly reports, attendance, upcoming assignments, messages, and after school activities. Furthermore, parents are able to track student achievement on assessments, and ensure that their child is not falling behind with any missing assignments in a class. Managebac also provides a parent portal for messages, newsletters, PAFA activities, and more.

## HIS LIBRARY:

<https://destiny.his-china.info/>

Your gateway to a wide range of print and online resources. These sites include academic databases, curriculum support, audiobook collections, safe search engines, current events, and research support, among others.

## **HIS PAFA (PARENTS AND FRIENDS ASSOCIATION):**

All parents and guardians of HIS students, faculty, staff members, administration, and support staff are also automatically members of PAFA.

Together as parents, students, staff, faculty and friends, we will build a solid foundation that unites our diversity and fosters a positive, cohesive community. We all play an important role on the HIS campus.

### **What is PAFA?**

PAFA is a group that builds a solid foundation that unites our diversity and promotes a strong positive community.

### **What is important?**

Parental involvement is extremely important. It not only ensures we have the people power necessary to put on school activities; it also shows our students that they are valued members of our community.

### **What is our goal?**

- Encourage parent and community involvement
- Help coordinate programs outside of the provided curriculum
- Encourage participation by all without discrimination
- Work collaboratively with school leadership (including administrators, teachers, and staff) to foster a positive and productive school culture
- Raise funds to support various efforts that build our community
- Connect parents & the school (especially new families) if parents do not know who to approach for help

If you have any questions please contact us:

**[pafaevents@his-china.org](mailto:pafaevents@his-china.org)**

## Understanding Parent ID Badges

All guests arriving at HIS gates will be required to present their HIS ID card to gain immediate entrance to the campus.

Anyone who is not in possession of an ID card at the time of entry will be required to sign the Security Log Book and may require telephone approval from the appropriate office in the building. Those without an ID Card who sign in, depending on their business at the school, may also be asked to wear a Visitors ID badge while on campus.

As a member of our school community, you are entitled to a personalized Parent ID card. In order to obtain your card, please send a passport sized photo and your full name to

Upper School Alice Zhang at [azhang@his-china.org](mailto:azhang@his-china.org)

Lower School Lily Fan at [lfan@his-china.org](mailto:lfan@his-china.org)

You may email the photo and information or send it to school in hard copy. IDs will be sent home with students after the name and photo are processed and the cards printed. ID Cards for family Ays may also be ordered by submitting the above information along with a signed note indicating parent consent and 20 RMB. HIS does not issue IDs to drivers.

Should you have any questions on this matter; please feel free to contact our office.

# Always a Dragon!

# UPPER SCHOOL STUDENTS 2019 CHINA TRIPS PHOTOGRAPHY CONTEST

Choose as many of the following categories as you like and submit a picture to represent each description. Submit your photos by 4:30 pm on Thursday, September 26 for your chance to have your photograph displayed in the China Trip photo exhibition.

Each category will have a HS and MS 1st prize winner and 2 Honorable Mentions.

ONLY ONE photo per category per person:

## People

The people you meet along the trip might be special. Capture their images and preserve the memory of who you met along the way.

## Nature

Capture the impression you get from the snowy peaks and dusty dunes along your trip. What impressed you most about the place you visited?

## Animals

You might get a chance to meet some interesting animals. Be sure to have your camera handy if you find a new species along the way.

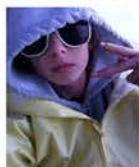

## Cultural

Since you are going to a new area, you'll be learning more about the culture, the food, the language, and the customs of China. If you happen to find a good image of Chinese Culture, please share it with us!

## Artistic

If you know how to change colors, add effects, or create a double image, you can express your creative self through computer aided graphic design in this category.

## Selfie

**When you save the file, please do so in this format:**

**Grade.Lastname.firstname.category.location for example: 9.Smith.John.people.shaolin and submit the full sized image file.**

**Photos should be submitted to the 'china trips photo contest 2019' folder on S-share and placed in the correct category folder.**

**If you have any questions please contact Ms. Andrea: [astubbs@his-china.org](mailto:astubbs@his-china.org)**
